

TOTAL TRAINING™ FOR Adobe® After Effects® CS5 - Essentials QUICK REFERENCE GUIDE

C1 INTRODUCTION TO AFTER EFFECTS	1:13:20	C6 PARENTING & BASIC EXPRESSIONS	53:18
1 Basic Video Concepts		1 Parenting Basics & Null Objects	
2 Importing Files		2 Using Parenting in a Mechanical Crane Animation	
3 Project Panel Overview & Arranging a Workspace		3 Using Parenting to Create a Stacking Ruler Animation	
4 Creating a New Composition		4 Text Animation Based on the CTI Location	
5 Placing Footage in the Composition		5 Introduction to Basic Expressions	
6 Creating a Film Strip Effect with Multiple Movies		6 Wiggle & Looping Expressions	
7 Timeline Panel Overview		7 Using Expressions to Animate Based on Audio Amplitude	
8 Timeline Switches, Time Ruler & Work Area			
9 Composition Panel Overview		C7 BASIC COMPOSITING	50:51
C2 ANIMATION BASICS	54:28	1 Applying Layer Blending Modes	
1 Exploring the Transform Properties		2 Creating a Track Matte	
2 Introduction to Keyframing		3 Keying & Keylight	
3 Spatial Interpolation		4 Compound Effects: Gradient Wipe & Displacement Map	
4 Temporal Interpolation		5 Compound Effects: Wave World & Caustics	
5 Practicing Interpolation		6 Precomposing & Nesting	
6 Copying & Pasting Keyframes		7 Rotoscoping with the Roto Brush	
7 Creating a Loop & Changing the Animation Speed		C8 PARTICLES & PAINT	40:21
C3 WORKING WITH MASKS	53:37	1 Introduction to Particle Generators	
1 Introduction to Masks		2 Creating a Chimney & Smoke Animation	
2 Animating Masks		3 Introduction to Paint	
3 Working with Mask Interpolation		4 Creating an Invisible Pen Effect with Paint	
4 Using Masks for Position Keyframes		C9 BASIC EFFECTS	22:31
5 Creating a Simple Animation Using Masks		1 Creating Clouds with Fractals	
C4 ANIMATING TEXT	38:00	2 Creating a Spinning Globe with CC Sphere	
1 An Introduction to Text in After Effects		3 Creating a Moving Background with Bezier Warp	
2 Using Text Presets		4 Colorizing with CC Toner	
3 Creating Text on a Path		5 Animating a Stroke with a Lens Flare	
4 Creating a Preset		C10 INTRODUCTION TO THE 3D ENGINE	42:38
5 Animators: Adding a Range Selector		1 Introduction to Lights, Cameras & Camera Views	
6 Adding Properties to the Same Range Selector		2 Creating 3D Text with Lights & Shadows	
7 Animating Two or More Range Selectors		3 Animating a 3D Scene	
8 Animators: Adding a Wiggly Selector		4 A Quick Look at Vanishing Point	
9 Working with Photoshop® Text		C11 RENDERING & EXPORTING	16:43
C5 ANIMATION ASSISTANTS	35:37	1 Using the Render Queue	
1 Using Motion Sketch & Smoother		2 Other Methods of Exporting	
2 Working with Auto-Orient & Split Layer		3 Credits	
3 Time Remapping			
4 Creating a Picture Montage
