

Product Update Instructions for Total Training for Adobe® Photoshop® CS2 v1.5

Step 1: Make sure that the TPSCS2 training application is not running.

Step 2: Double-click the TPSCS2 v1.5 Updater Launchpad to get started.

Step 3: Click the **UPDATE** button in the Launchpad window.

Step 4: If your computer passes the QuickTime test, click **CONTINUE**,
Otherwise, click **GET QUICKTIME** to download the latest version from Apple's website.

Step 5: Click the **Update** button on the Application Update screen and wait until the installation fully completes.

Step 6: Click **Finish** on the Update Installation Summary screen, then click **Exit** to complete the update installation.

Features Updated in version 1.5:

- Fullscreen video option is now available.
- Bookmarks can be set and cleared, and are now remembered between sessions.
- Various bug fixes and improvements in application functionality and performance.

Technical Support:

If you have problems with the Updater or viewing the Training, please call Total Training Technical Support at 1-760-517-9001.
